

## PROJECT FOR JAIME C SMITH

### USER STORIES

USER STORY	ACCEPTANCE CRITERIA
As a user I want to view a list of gif files, according my choice.	<ul style="list-style-type: none"><li>- Search for a chosen gif category</li><li>- View gif files by category</li></ul>
As a developer I want to demonstrate how APIs function.	<ul style="list-style-type: none"><li>- Establish connection to GIPHY via API key, through JavaScript</li></ul>
